

CASPER CLASSICAL ACADEMY

At Casper Classical Academy, every subject area sets high expectations for CCA students. Casper Classical Academy follows a rigorous, classical, college-preparatory curriculum approved by the school's Governing Council. Students needing enrichment in math or language arts (reading and/or writing) may be selected by RIT score (90th %ile and higher on NWEA for the language arts areas, and in math, the RIT score recommendations from the high schools for placement in Algebra I and Geometry courses) as well as teacher recommendation to partake in an accelerated course.
