

Natrona County School District #1

You Have A Choice!

Natrona County School District #1 has selected Wyoming Community Gas for the 2018-2019 Choice Gas year. We are offering this discounted natural gas price to any retirees and current employees

If you choose to join the Natrona County School District #1 there is no additional charge to you, either direct or indirect because we are working directly with a supplier. By signing up, you will receive a discounted index price of the CIG Index + \$0.057 per therm.

To select this rate:

1. You will need your control number off of the 2018 Black Hills Selection Form that came in the mail.
2. E-mail or call the Wyoming Community Gas Admin, Kathy, and give her your account number and corresponding control number. You can reach her at 785-338-4717 or by email at WCG_Admin@exeloncorp.com. **Be sure to tell her that you are with the Natrona County School District #1.**
3. If you did not receive your selection form, you can retrieve your control number on the web at www.choicegas.com, or by automated phone service at 1-877-245-3506.

The Choice Gas Selection Period is Friday, April 6th through Thursday, April 26, 2018. If you do not make your selection by midnight on the 26th, you will default to your previous supplier.

If you have any additional questions related to your account, please contact Black Hills Utility at 1-877-245-3506.

(The first selection received by Black Hills will be the valid one. If you make an early selection and decide to go with the Natrona County School District #1 program later, the first one would be the valid one.)
