

# ANIMAL DRAWING WORKSHOP

WITH RUSSELL HAWLEY

SEPT 28 | 10 AM - 12 PM | THE NIC

## LEARN HOW TO DRAW ANIMALS FROM A MASTER

Students will join in step-by-step drawing exercises that explore the basic principles of animal anatomy and action. We will also tour the Museum Gallery to see how John James Audubon used these techniques in his own artwork, and learn some interesting facts about North American wildlife along the way. This workshop is perfect for beginners and experts alike! All materials are included!

## Russell Hawley

is an expert in scientific illustration and has been teaching paleontology and geology at the Tate Geological Museum for the last 20 years. His drawings have appeared in several books and magazines, as well as the displays at the Tate.

**Grades: K-6th**

**Sept. 28 from 10 AM - 12 PM**

**Free to members**

**\$5 for not-yet members**

**Class size is limited**
